Issue 34 December Update 2012

## Recruitment update

December has been a reasonable month considering it is the holiday season and things start slowing down. Nine pairs have been recruited which means we only need another 33 to reach the target of 400. Only 4 more months of recruitment!

## Office closures

Just a reminder about the arrangements over the Christmas period. The REPAIR trial office will close at 3pm on Friday 21st December and re-open at 9am on Thursday 3rd January 2013. During this time there will be limited cover. If you have any urgent medical queries please contact Raymond Macallister ([r.macallister@ucl.ac.uk](mailto:r.macallister@ucl.ac.uk)) from 29 December until 1st January and Kristin Veighey ([kristin.veighey@nhs.net](mailto:kristin.veighey@nhs.net)) at other times. Please also refer to the FAQ section on the website <http://repair.lshtm.ac.uk/FAQ.htm>. In addition to this Steve will be on annual leave from 21st December returning on Monday 21st January. During this period all queries should be sent to [repair@lshtm.ac.uk](mailto:repair@lshtm.ac.uk).

We would like to thank everybody for the huge effort made this year and look forward to continuing this momentum until the end of recruitment on 30th April 2013.

**Festive greetings from the REPAIR team!**
